Hi everyone! The slides look great and the talking points are great. Can you all ensure that the materials are submitted to ABA in plenty of time for my speech on Thursday? Also please make sure they get a copy of the administrators memo to ORD directing prioritization of research?

Alexandra Dapolito Dunn, Esq.
Assistant Administrator
Office of Chemical Safety & Pollution Prevention U.S. Environmental Protection Agency Washington, DC

> Hi. Attached are the PFAS primer, Chis Higgins' scientific presentation and the conference brochure. I am copying Tala for any inputs she may have on your presentation in light of Chris's presentation. She provided some annotations on your current draft talkers which I have included as notes in italics. Also, since you are now the last speaker you will not need to cover the first couple slides however thought should be given to whether to retain the slides as a way of having on the record EPA's description of PFAS in HH&E. I will need to sign off now but James is there to assist. That said, I am always reachable on 301-447-9214 if needed for anything. Thanks James!
